PROPOSED SWIM MEET SCHEDULING PROCESS - Final Version, rev 1/7/2012

SECTION III - SWIM MEETS

In setting up and managing our swim meets, we should keep the following in mind:

1. We should do what is right for the swimmers.
2. The host club should not have to lose money.

1.0 DUTIES OF THE SCHEDULING CHAIR

The Zone 1 South Scheduling Chair shall:

1. Represent Zone 1 South on the Pacific Swimming Scheduling Committee.
2. Assemble a scheduling committee to define and schedule Zone 1 South meets in compliance with the requirements in section 2.0 below. The scheduling committee shall consist of no more than 5 members and shall be comprised of the Scheduling Chair, one or more athlete representatives, and one or more coaches. Remaining members should be considered from Chairs or alternates of the Officials, Age Group, and Sanctions areas, as well as, other strongly interested people.
3. Obtain Board approval of the swim meet schedule.
4. Oversee the swim meet bidding process.
5. Interface with host clubs on any clarifications or changes to their meets.

2.0 REQUIREMENTS FOR THE SCHEDULING COMMITTEE

The scheduling committee is responsible for developing each year's meet schedule for Zone 1 South.

1. The meet schedule must not violate any restrictions imposed by Pacific Swimming and shall cover an entire calendar year.
2. Any restrictions imposed by the scheduling committee on meets must be documented with the proposed schedule. For example:
 - a. Whether a dual venue meet must have the same events at each location.
 - b. Whether a dual venue meet is divided by area with a host in each area and clubs assigned to each meet.
 - c. Whether a meet must have only a certain set of events.
3. Without specific restrictions having been specified, a host club may add additional events to their meet as long as the original meet requirements are met.
4. Up to one meet per hosting club may be scheduled for which there will be no bidding. These should be unique, fun meets such as the ALMA Relays.
5. The Sanctions Chair and the assigned Head Meet Referees shall check the meet sheets for compliance with any restrictions imposed by the scheduling committee.
6. The scheduling committee shall obtain approval of the Board for the proposed schedule, making changes as determined by the Board.

3.0 SWIM MEET SCHEDULING AND BIDDING PROCESS

A scheduling committee is to be formed in March.

PROPOSED SWIM MEET SCHEDULING PROCESS - Final Version, rev 1/7/2012

The scheduling committee presents the proposed meets and schedule to the Board in May.

At the July Board meeting:

1. The Board approves the meets and the schedule with or without additions or changes.
2. Clubs draw numbers for the order of bidding on meets.
3. Bidding for meets continues until all meets are taken or there are 2 rounds of "no bids".
4. The schedule is re-opened to add or change meets on the schedule.
5. Bidding on host added or changed meets proceeds in the same order as the original bidding.
6. Clubs hosting meets within 2 weeks before and after any added or changed meet must give approval before that meet can be approved by the Zone 1 South Board .
7. Meet additions, changes, and bidding continue until a motion to close the schedule is seconded and passed.
8. Detailed meet criteria for any added meet shall be defined by the scheduling committee and the host club before the next Board meeting.

The Scheduling Chair publishes the results for the Board and for Pacific Swimming.

Open meets are available on a first come basis by contacting the Scheduling Chair with final decision by the Scheduling Chair and elected officers. A different meet may be proposed than is on the schedule, but requires approval from clubs hosting meets within 2 weeks before and after the requested meet.

4.0 RETURNED MEETS

The host club shall inform the Scheduling Chair as soon as they decide they cannot host a meet that they were awarded.

The Scheduling Chair shall notify the Board that the meet is available on a first come basis with final decision by the Scheduling Chair and elected officers. If the new host wishes to change the meet, then approval is required from the clubs hosting meets within 2 weeks before and after the requested meet.

Marianne Feldman, Secretary

January minutes reviewed. Edits submitted. Mike Piccardo Motion to Approve. Stella Ezrre` Second. Minutes Approved.

Chairperson's Report: Andre Salles-Cunha

- Brought up questions to Jim Nachtigal of how Spring JO's was going to run.
- Jim asked for coaches opinions on how to run Friday's Timed Final Distance events. Coaches consensus: Fastest to Slowest. Other meet issue: Keeping all finals on deep end and consulation finals on shallow side, run finals as soon after prelims as possible rather than setting a consistant time to start each day.

Treasurer's Report: Cliff Reyda

- Emailed out to distribution list
- Review of Zone Champs (finacial eports submitted)
- Equipment rental revenue was down but did not spend \$3500 of budgeted funds
- Profits were up. Suggestion to move toward using wireless Dolphin Timing System. Would like to see Zone use funds to keep our meet systems up to date.
- Motion to approve future budget. Mike Piccardo Second. Budget Approved.
- Motion to add Santions Chair Duties and Responsibilities to the Zone 1 South Policies & Procedures. Mike Piccardo Second. Motion Approved.

Standing Committee reports:

Sanctions: Jeanette Soe

- Meet sanctions are moving forward smoother now. Emails are being sent out 6 to 8 weeks in advance of meet start, to get process started. Advise that everyone have their meet directors get started as early as they can, because the process takes time.

Equipment: Bill Cunningham/Frank Suchomel – not present

- Jim N. Reports that Bill is getting closer to getting started on updating to the trailers. Funds for updates have been approved.

Officials : Michael Davis

- 2 New Stroke & Turn Clinics coming. One in April, one in May, both at the meets in Morgan Hill.

Age group: Darwin Takaki/Veronica Hernandez

- Zone All-Star was succesful.
- Major issue at hand is whether or not to attend 2012 NACC meet. Meet is the same week as our Far Westerns, making it difficult to draw athletes and especially coaches. If we don't attend we will lose out place in the meet. Consensus of coaches: Not to attend NACC this year.
- Charged Athlete Reps with surveying swimmers at Winter JO's this weekend about their desire and ability to go to NACC if it is during FW, and their desire to keep the meet available.
- Discussion on Board of Review issues that were not handled due to lack of action of previous BoR Chair. Request that current BoR Chair make contact with coaches of athletes currently under review.

Scheduling: Mark Scannell – not present

- Janet Gutierrez motion to add Friday, June 8th to the Long Course IMX Meet, making it a 2 and a half day meet rather than a 2 day. Jim Nachtigal Second. Approved.
- Janet Gutierrez mothion to move the Gerald Mecedo Relay Meet from Sunday July 22nd to Sunday July 15th in order to avoid conflict with Long Course Junior Olympics. Jim Nachtigal Second. Approved.

Advantages

Coaches

- More control over the meets your swimmers attend - Coaches set the meet schedule for their team, then if a swimmer requests to go to a meet outside of the schedule, coaches have ability to approve or deny.
- Notification if a swimmer has not entered a meet a certain number of days after you suggested entries.
- New meet open notifications with close dates and priority entry deadlines listed.
- Option to send meet entry summary with different fields, such as split boxes, time standards, etc.
- Safeguard against navigating away from a page where you have incomplete entries (i.e. entries not paid for or confirmed)

Meet Directors

- Divisions of team and swimmers by Zone, as well as by LSC

 - Ability to click and drag events around/reorder events
 - Change time standards for all events or sessions simultaneously

Parents and Swimmers

- Pull accurate best times
- Update best times for the user whenever new results are loaded, up to when the meet host pulls the entry file (the meet host could have a box that they could check that will not allow times to be modified anymore for that meet once they pull the file. This way, they can pull preliminary files beforehand if necessary.) Then, alert the user that times have been updated.
- Cross reference swimmers with the database by name to avoid duplicate swimmers due to incorrect registration number entry
- Easily modifiable meet entries
- Option to send meet entry summary with different fields, such as split boxes, time standards, etc.
- Safeguard against navigating away from a page where you have incomplete entries (i.e. entries not paid for or confirmed)
- Email reminders every day that goes by that they have an incomplete entry in their account, including the hard close date, but also a reminder that there is always the possibility the meet may cap and close early (optional.)

Chairman's Report

September 12, 2012

- Budget planning meeting will take place the week of Sept. 17-22
- 2013 JO, FW Short Course and Long Course times presented and approved – JO times remain the same as 2012
- Gerry Ng stepping down as Scheduling Chair – John Bitter working to find new chair
- Lehla Irwin is looking for new Pacific athlete reps to replace those that have left for college; don't know if she has found all replacements needed
- Web Sight Design Inc. has been hired to improve Pacific's Web site to include a secure system for online payments
- Three motions will be voted on at Sept. BOD meeting but they are rather boring procedural motions – two by Board of Review(Alternate Panel Member for Board Hearing and Fees for BOR Rehearing) and one to modify Pacific Swimming By-Laws (Pacific Staff Employee and Relationship to General Chair and/or Administrative Vice Chair: Amendment to By-Laws Article14.2)
 - I'm not requesting guidance since these 3 motions will probably be passed unanimously since they appear to be procedural and, therefore, non-controversial
- House of Delegates meeting 10/13/12
- Next Pacific BOD meeting – Sept. 26; Marriott San Ramon

DOLPHIN TIMING SYSTEM DETAILS

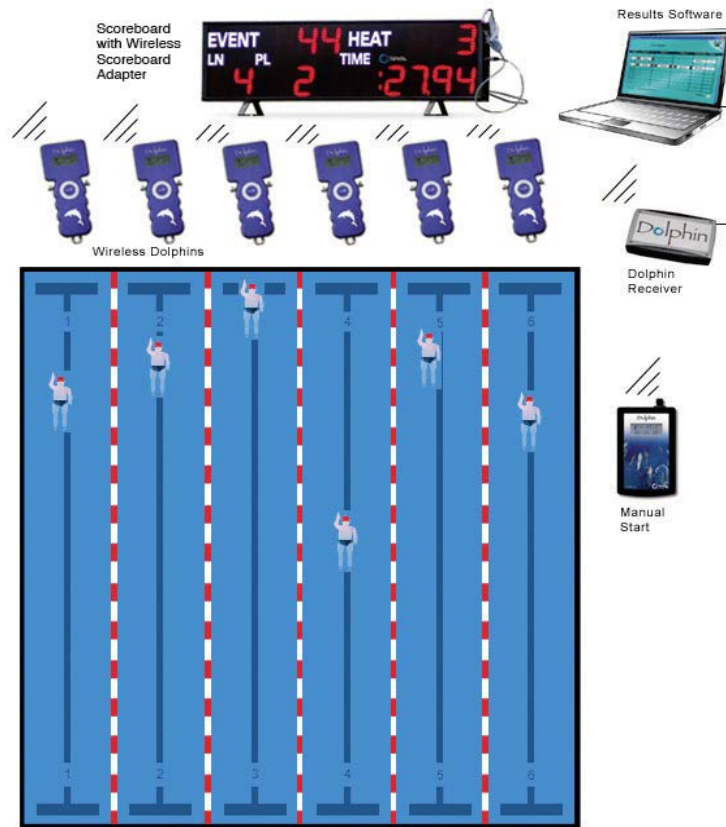

by Cliff Reyda, rev Sept 10, 2012

WHY?

- Today 1 person does most equipment delivery and setup
 - Not many can/want to pull a trailer
 - Dolphin equipment fits in a minivan or pickup (fits in a car if no scoreboard)
 - Can be stored in a garage
- Wireless greatly simplifies setup
 - Set up equipment morning of meet
 - No cables/buttons
 - Starting system on tri-pod
 - Speaker wire and 2 speakers (if greater than 6 lanes)
 - Roll out scoreboard
 - Power cords to scoreboard and to computer
 - Turn on and hand out wireless watches to timers
- Approaching the need to support more venues
 - Starting to have multiple venue meets
 - Could offer system (for free?) for dual/tri meets
- Improved scoreboard function
 - Display Event and Heat
 - Display 3 lanes with times
 - Automatic rotation through all lanes
- Get experience with 1 system; migrate to 2nd system
Rough Overview of System (details follow)

- To watches and to computer unit
- Optionally, starter official can press button to store results and reset watches (allows operator to take a break)

Base Computer Unit

- Receives wireless signals from starter and watches
- Plugs into computer via USB port
- Need 1 computer per system plus computer operator needs a computer

DOLPHIN TIMING SYSTEM DETAILS

by Cliff Reyda, rev Sept 10, 2012

Wireless Scoreboard Adapter

- Can display event and heat
- Can rotate through all lanes (i.e. 1st 3 lanes, next 3, etc.)

Portable Scoreboard

- Half the width of a normal scoreboard
- 2 lines per board
- Recommend 2 boards
 - 3 lines of lanes (easily see all lanes before next heat)
 - 1 line with Event and Heat
- Shown on simple stand

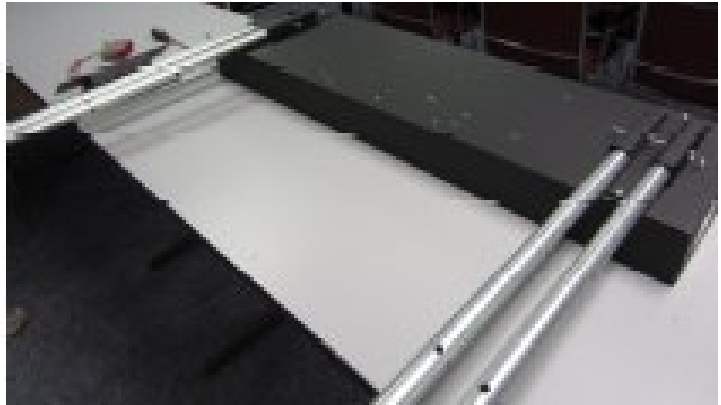

DOLPHIN TIMING SYSTEM DETAILS

by Cliff Reyda, rev Sept 10, 2012

Simple Stand

- Too heavy to set up and deploy?
- 2 boards at 45 lbs each
- Did not get a price on this

Caddy with Wheels

- Would be easier to handle the weight
- Up to 4 portable boards (8 lines); only need 2 boards
- Current mounting looks permanent
- Can boards be made to mount by hanging, or use ramp into trailer?
- Quite expensive; can we have our own built?

DOLPHIN TIMING SYSTEM DETAILS

by Cliff Reyda, rev Sept 10, 2012

Dolphin Software/Base Computer Unit

- Monitors watches: physical status and times
- Can reset watches and store time (instead of using starter unit)
- Can display event/heat (auto heat advance)

The screenshot shows the Dolphin software interface. At the top, the 'Dolphin' logo is displayed. Below it is a table with the following columns: Lane, Timer A, Timer B, Timer C, Final Time, and Place. The table contains data for lanes 1 through 5. To the left of the table is a legend for Watch State: a red circle for '=Stopped', a yellow circle for '=Reset', and a green circle for '=Running'. At the bottom of the interface, there is a 'Current File' field and a 'Channel' field.

Computer Operator Software

- Dolphin supported as primary timing system in current Hy-Tek Meet Manager (extra fee to use as backup watches)
- Need to get SAMMS to read Dolphin files
- Supported by Easy Meet Manager (to be called Touchpad) at least for single-ended meet
- Real-time merging of 2-ended meet results?
 - Hy-Tek requires pro network option
 - Hy-Tek with pro network can merge Colorado 5 and Dolphin results
 - Not clear if Easy Meet Manager can merge results (initial response from them was no; was supposed to think about it and get back to me)
 - Can this be done procedurally instead? Copy race files to USB stick and point to folders to get races?

Potential New Operator Roles and Procedures

- "Colorado Operator"
 - Stores results, resets/monitors watches, advances events
 - Does Chief Timing Judge role with Hy-Tek software assist.
 - Consider not printing Colorado equivalent of race
 - Saves paper
 - Eliminates need for printer
 - times available in files if needed
- "Chief Timing Judge"
 - No longer does timing role
 - Assembles paperwork, runs problems

DOLPHIN TIMING SYSTEM DETAILS

by Cliff Reyda, rev Sept 10, 2012

- May not be needed
- Computer Operator
 - Does the usual stuff: heat/lane assignments, results, ribbons, etc.

Pricing

- \$5853 for 10-lane, 3-watch Dolphin wireless timing system
- \$5920 for 3-lane portable score board plus event/heat
 - \$4890 for scoreboards and wireless adapter
 - \$1030 for wheeled scoreboard caddy
- \$ 500 for laptop computer
- ~\$200 for network hardware
- \$550 for Hy-Tek pro network option
 - Requires one per host (7 for 2013)
 - Suggest Z1S pay this
 - May be procedural solution instead

Note: Illustrations were copied from Colorado Timing Systems for reference.

DOLPHIN TIMING SYSTEM PROPOSAL for Z1S

by Cliff Reyda, rev Sept 10, 2012

Motion: Authorize up to \$13,000 to purchase a 10-lane Colorado Dolphin wireless timing system, including a wireless 4-line scoreboard and laptop computer.

Discussion:

Start of a strategic move to:

- Be less dependent on one person for timing equipment
 - One person does most equipment delivery and setup
 - Not many can/want to pull a trailer
 - Minivan or pickup can haul the Dolphin System
 - Dolphin System can be stored in a garage
- Simplify equipment setup
 - No cables/buttons (not at 25yd end either)
 - Setup can be done morning of the meet
 - Perhaps reduced setup fee
 - Bad lane? Shift the timers
- Improve the scoreboards
 - 4-line board with event/heat
 - Automatic rotation through all the lanes (Colorado 5 cannot do this)
 - Able to see all lanes before next heat
- Support more venues
 - Another timing system
 - Easier for dual meets, perhaps no equip. fee?

What are the downsides?

- No touchpad support (still have the Colorado 5 for that)
- Lots of batteries (9v, 40+ hrs each battery, 5-6 days)
- No SAMMS support (at least initially)
- Procedural changes
- It's new to us

Zone Champs Proposals

Nov 9, 2012

I plan to make up to 5 motions at the Zone 1 South Board meeting in November.

Cliff Reyda

Motion: Independent Reconciliation of Bank Statements

We should remove the requirement to send the Zone 1 South bank statements to the Chair or his appointee for an independent reconciliation.

Discussion: The requirement was added to our procedures in order to pass audits. Pacific Swimming no longer requires this. Electronic copies are placed in DropBox each month from which TeamWorks, Inc. does an independent reconciliation.

Motion: Payment to Store Trailers

We should change the wording authorizing payment for storage of timing trailers to the following:

Zone 1 South may pay a reasonable fee to store our timing equipment.

Discussion: The current wording is: "Zone 1 South may pay \$50 per month for storage space for the timing trailer that used to be kept on Bill Cunningham's property." Though the \$50 rate has been extended for another year, this should not have to be brought up at the Board each time there is a rate increase. We also should be more open to storage of the rest of our timing equipment in case the need arises.

Motion: \$100 a day Chief Timing Judge Penalty

We should remove the penalty of \$100 per day for a host club who does not provide a Chief Timing Judge.

Discussion: Though the intent of the motion was good, enforcement has not been consistent and may not be necessary. Bill Cunningham prefers to do the Chief Timing Judge job while doing his Colorado operator job. Other Colorado operators won't let the meet proceed until a Chief Timing Judge is in place.

Motion: Modifying the 60-day Dolphin motion

I intend to modify the existing motion to request \$6500 instead of \$13,000 to purchase a 10-lane Colorado Dolphin timing system and laptop computer, but no wireless 4-line scoreboard.

Discussion: This separates the objective of improving our scoreboard capability from that of getting an additional timing system. The price would be contained within the existing 2012 budget of \$7500 allocated for timing equipment. This system would allow us to schedule more single-ended meets while encouraging our smaller clubs to host those meets. More discussion at the Board Meeting.

Nov 9, 2012

Motion: Fee for use of the Dolphin Timing System

If the motion for purchase of a Dolphin timing system passes, I intend to make the following motion to set its rental fee.

The Dolphin Timing System shall be available at no charge to Zone 1 South clubs hosting single-ended meets. This includes single team, dual, and tri meets, as well as, larger Zone 1 South bid meets.

Discussion: Ordinarily, we charge \$125 per day for a trailer. A lot less equipment is involved in this case, plus we are trying to encourage clubs to offer more swim meets of the type that may be less profitable.
