Reports

Treasurer:

- If officials who have claimed a fee waiver don't work the sessions their child swims, they will be billed for those session fees. This was an issue this year at Zone Championships; there were a few officials whose fees were waived and then did not work the appropriate sessions.
- Financially we are in good shape this year; please contact Carol if you have ideas for zone expenses. One thought is a new round of polo shirts for officials.
- A motion was made to approve the financials and disbursements for this month: *moved and seconded - approved*
- Waived fees for \$247.50 for officials for Zone Champs this year
- Made ~\$6,600 on the 2012 Zone Championship meet

Officials:

- Having 11-12s together creates an imbalance in officials – more officials and more experienced ones are doing the older kids, fewer, less experienced ones for the 8U and 9-10s
- Motion made and seconded to reimburse Nan for DQ slips and mini-rulebooks for the officials – *approved*
- There was a good turnout at Zone Champs – many officials requested the waivers of fees but did not reach the ceiling of 25 reimbursable.

Sanctions:

- Meet sheets are done through the DACA meet in April; the earlier the better
- Use the template!

PacSwim:

- NACCC meet report from age group chair – NACCC is scheduled opposite Far Westerns. Should we attend? Any feedback? Concern is that experienced coaches won't be able to attend because of FW.
- The 2013 schedule for Pac Swim is available – take a look
- There's a short course Q & R and a long course Q & R
- Ricky's email from last meeting is good info

Old Business

Review Of Zone Champs

- We would like to reserve similar weather last year
- Meet sheet said we sold programs, and we didn't
- Disabled swimmers have to qualify – don't need special sentence in the meet sheet
- Pacific by-laws currently state that times must be proven times, not coach-verified. A motion has been made and is in progress to rescind that. It should come up for a vote this month.
- Next year – one site/one check at a minimum
- Team entries went well, and Carol put them into SwimConnection. Then, SwimConnection kicked out the nonconforming times. This would work okay if we went back to coach-verified times.
- Suggestion from Mike A.: have 10-U and 8-U relays rather than 9-10 and 8-U
- Suggestion from Mike A.: divisions are very small – does it make sense to have L, M, S? What if we were to move to only the top 2 swimmers score. It might even the playing field so that all teams would be in the competition. Andy noted that the current structure gave LO good incentive to try to move up divisions. One year we did it by grade and it was fun.

All-Star Meet

- Phil Bianchi volunteered to own this again next year.
- There were some issues with the timeline last year, and we can probably improve next year. Phil will think about ways to improve the process – probably involving a group meeting after zones.
- Coaches were generally very helpful.
- Suggestion from Andy: each team should designate clear representatives for the process – PASA may need to designate multiple reps so that we ensure that we get the right information on the swimmers.
- Data should be maintained at the LSC level – is this something that Jill can do? Larry will follow up.
- The meet went well – Zone 2 won with 1N in second.
- Our coaches may need better information – more training? Documentation of the process and roles would help a lot.
- At the end of the meet – kids need to ride back on the bus. They should not go with parents, or if they do, they must sign out before leaving.
- Suggestion from Tammy: can we start the process in November, track times from that time on, and then use times. We'll consider.

- We'll do coach stipends again. Carol needs W-9s from each coach within the calendar year. \$125 for assistant coaches and \$250 to head coaches. *Motion made and seconded/approved.*

New Business

Athlete Reps

- The zone is required to have two athlete representatives. Please, please let Larry know if you have a swimmer who could serve.

Pacific Budget

- the Pacific Swim budget process for 2013 has begun. Z1N doesn't have any equipment as far as Larry knows.

Reports

Chair: no separate items

Treasurer:

- Not much change from last time, as expected
- Motion made and seconded to approve the financial report as presented – *approved*
- We were budgeted for \$640 for snacks for the All-Star meet – expenses as presented went slightly over. We'll reimburse for mileage (120 @55.5 cents per mile) plus the Costco, pizza and bridge toll.

Officials:

- Scheduling meeting representation – a few officials have responded. One is from out of zone – we'd rather have Z1N representation. Nan will follow up with Ricky.
- DACA meet – we needed to pull PASA coaches on deck for one session.
- Remember – clinics and positive talk any time from your friendly officiating crew.

Sanctions:

- DACA and BAC June meets have sent in for sanctions; DACA has received the sanction and BAC is in progress. The DACA meet in July is next.
- DCD/SSF will talk about dual venue for December meet (second weekend)
- LSC meets go to the LSC so Mike doesn't need to see the SUNN Firecracker meet. Carol will make sure that it's in progress.

Old Business

Review Of Zone Champs

- By next meeting (July), we need to decide whether we'll do it again. Coaches, think about the time standard.
- The coach-verified times have been allowed again by the zones
- We'll stipulate that every team must provide a central point of contact for the

championship meet and Zone All-Stars. ***We'll review rules and time standards at the July meeting.***

2013 Schedule

- The 2013 schedule for Pac Swim is available –June 26 for the LSC award meeting (as Larry remembers). Larry will attend that meeting.

New Business

Athlete Reps

- The zone is required to have two athlete representatives. Please, please let Larry know if you have a swimmer who could serve.

- We also need an age group committee rep from our zone if we can find one.

Emergency Action Plan

- Jim Boyce wrote to Larry and asked if the Zone has a standard Emergency Evacuation plan – at the LAMV meet, the fire marshall asked whether there was such a thing for that facility. That's really the responsibility of the facility manager, not of Pacific Swimming. Marshalls should be made aware of the procedure. It's a part of the Meet Director's job.

Zone 1 North Google Group: review membership.

- Nan will ask Lucille who the admins are and we'll review the membership
