The "Professional" Stroke & Turn Official -or- The Eyes of the Referee

The "Professional" Stroke & Turn Official should:

- Know the Rules and the official interpretations
- Read and understand the information in the Meet Announcement prior to the meet or session beginning
- Attend the Officials Briefing to:
 - Sign-in on the assignment sheet
 - Review the technical rules
 - Listen to and review protocols for the meet
 - Listen to and review jurisdiction for the meet
 - o Be given an assignment by the Meet Referee or the Chief Judge team
 - o Cover relief rotation
 - o Discuss any other specific instructions or duties for the meet
 - Meet team members, including the Chief Judge for your assigned location
- Develop your own "mental check list" of things to do before, during, and after the duty session

Before the session:

- Know when and where the stroke briefing will take place
- Locate where officials should sign-in
- o Be prompt to the meeting and dress appropriately and professionally
- o Be attentive during the stroke briefing
- Have a positive attitude regardless of the assignment
- Turn off (or if absolutely necessary mute) cell phone. If you will need access to your cell phone for a compelling reason during the meet, let the Meet Referee and Chief Judge know before the meet so that plans can be made.
- Be ready and in position 5-10 minutes before the session starts or as requested by either the Meet Referee or Team Lead Chief Judge

Before each event:

- Visualize the stroke
- o Run through the rule requirements of a legal stroke and any transitions
- Recall the best and recommended ways to observe the stroke and the turns. Always use "benefit of doubt" observation protocol

Before each race:

- o Do not block the strobe at the start
- Follow the meet protocol for each stroke
- Stand in the correct location, 15m mark, flags, etc. if walking stroke

After the start:

- Walk briskly to the edge of the pool if working the start end as a Turn Judge
- Observe swimmers until they depart your jurisdiction (usually heads up)
- If walking stroke:
 - determine if all heads broke the surface prior to or at the 15m mark for non-breaststroke events
 - Walk wall-to-wall, if possible, or as instructed
 - Give equal observation to all lanes in your jurisdiction, even the empty ones
- Raise hand promptly to signal a possible disqualification if an infraction is observed (unless utilizing FINA protocols)
- Keep the hand raised until it is acknowledged by a Chief Judge or Referee
- Do not discuss the infraction with another official or any other individual, including a coach, before reporting it to the designated official. (Do not discuss it afterwards unless asked to by the Deck Referee)
- Immediately communicate the lane number to the Chief Judge or Deck Referee (if a Turn Judge covering more than one lane or a Stroke Judge)
- Visualize the infraction before communicating it to the Chief Judge or Deck Referee

The "Professional" Stroke & Turn Official -or- The Eyes of the Referee

- Describe what you observed
- Watch all lanes while reporting the disqualification, unless relieved by a reserve judge
- Retract a call if there is any doubt, by simply stating, "No call"
- Check to make sure the DQ slip is correct before PRINTING your name on the slip

Relays:

- During relay exchanges, observe the toes departing from the platform and then look for the touching fingers
- Do not raise a hand for an early relay take-off when dual confirmation is being used
- Circle the lane and swimmer number on the take-off slip for a good exchange, and X for an early take-off

• After each event:

- Reset to the correct position for the next stroke or event
- o Transition between heats for relief, not during a race
- When being relieved, return promptly as directed in the pre-session briefing
- Take a break OFF DECK or in the designated officials' break area. Do not congregate with other officials on deck

If assigned to invigilate controlled warm-up:

- Coordinate with the assigned partner to observe the pool and politely enforce compliance with warm-up rules
- Open pace lanes at the designated time and racing start lanes as requested (open additional sprint lanes if demand warrants). Coordinate with the Announcer and Marshalls
- Review deck set-up in general notify Meet Referee of deficiencies or safety issues

Other Important Items:

- Consider your body language when on duty and at all other times when you are accessible. Always assume you are "on camera"
- Be alert, attentive, focused, calm, professional, and approachable
- o Always be "friendly" and helpful to coaches, swimmers, and other officials
- Avoid coaching, cheering or fraternizing with coaches or swimmers
- Questions should be directed to the appropriate official. Do not engage in discussions regarding a disqualification
- o Take discussions and emotional issues off-deck
- Do not abuse your credentials. If you are not working the meet, you are a spectator and should act as such
- Maintain a sense of humor

• Remember, Professional Stroke & Turn Officials:

- Make sure the BENEFIT OF DOUBT GOES TO THE SWIMMER ALWAYS
- o Adapt to meet conditions and needs, and help out wherever requested
- o Use common sense
- Don't read more into the rules than is written
- o Observe the swims but do not scrutinize
- Exhibit confidence
- Dress professionally and neatly in the designated uniform
- o Are willing to learn, and frequently work as a Stroke and Turn Judge
- Never take advantage of credentials to gain deck access when not working in an official capacity
- o Self-evaluate after all shifts, sessions and meets and ask, "What can I do better?"
- Enjoy the volunteer work, and opportunity to work with coaches, officials, and most importantly, swimmers of all levels

Please refer to the Certification Requirements for Stroke & Turn for information on N2 and N3 evaluations, certification, and recertification.
